

BERNINA E 16 PRO
Multi-needle Embroidery Machine

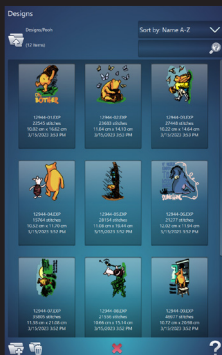

Get in touch with your creative side

For more than 130 years, BERNINA has been passionately committed to the development of sewing and embroidery machines. We are excited to share with you the dream of faster, more professional and larger embroidery than ever before. The dream of 16-needle embroidery suitable for home, studio, or commercial use is now a reality. Whether you're new to machine embroidery or more experienced, you will appreciate the thought behind the details.

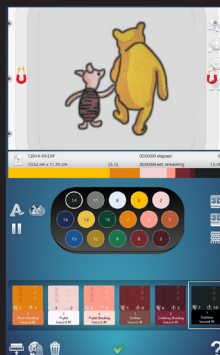

Advanced Touch Interface

Get maximum control over the ultimate embroidery machine with the intuitive 10.1" full color touch screen interface on the advanced BERNINA E 16 PRO. The large, vivid screen lets you intuitively control all the E 16 PRO's powerful features, manage its 16 needles, as well as monitor machine status and design progress.

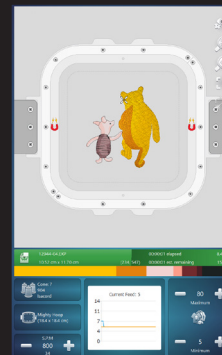

DESIGN MANAGEMENT

Browse, store, manage, and load designs from the touch screen. See design details and a 3D rendered preview.

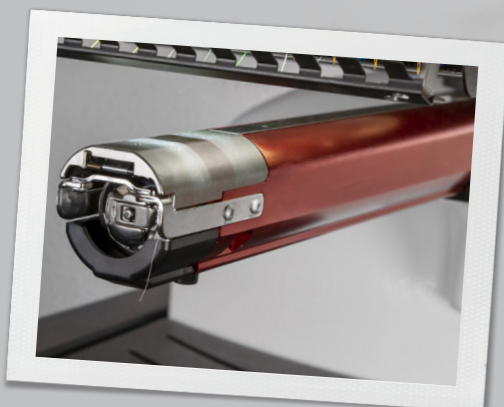

NEEDLE CONTROL

Get full control over needle assignment and color changes. Program pauses for appliqué placement or bobbin changes.

MACHINE STATUS

Configure machine settings and get design progress at a glance with realtime stitch rendering.

Patented Lower Control Arm

Your BERNINA E 16 PRO handles all of your embroidery needs, large and small. Slide baby items, T-shirts, pockets, or tote bags easily over the narrow arm, eliminating the need to open seams or deconstruct the item prior to embroidering.

Speed, precision, and a high-performance thread trimmer are the benefits of the E 16 PRO system. Compatible with convenient pre-wound bobbins to save even more time.

Get the features you want

- 16 needles for color flexibility and efficient embroidery production
- 10.1" touch screen interface
- Patented Acti-Feed™ Tension System
- Up to 1400 stitches per minute
- Small cylindrical lower arm enables embroidery on a wide variety of products at high speed
- Easy cap sewing, large 270° sew field
- Large 16.1" x 15.5" jacket back sewing field
- Easily stitches on leather, denim, vinyl and more
- Laser alignment and positioning
